Title of Your Work

First Author, Second Author

[Lead University], Edinburgh Centre for Robotics

Introduction

Motivation

The above \section*{} creates a gap, this can be altered through the titlespec package.

Because of how TikZPosters is designed, one needs to be explicit about gaps between newlines

doing
this
has
no
effect

You need to use \\ like this

now

this

works

Lorem ipsum dolor sit amet

B

Lorem ipsum dolor sit amet

Method

You can use multicols for a two-column layout here or adjust the column-sizes back to 0.333 — 0.333 — 0.333 using the nice macro \third, e.g. \column{\third}.

Results

Some results

Conclusion

This is the conclusion.
